What's innovative about the product?

Probiotic cultures are living microorganisms, known as "good bacteria," that reside in the gut.

What is the Benefit of Probiotic Balance? 70% of the body's immune system is connected to the digestive tract. Probiotic balance bolsters the immune system, enhances digestive health, boosts metabolism, and aids in weight control.
Karma Probiotics is a Shelf-Stable Beverage: 2 Billion Cultures are kept in the KarmaCap until you release the nutritious contents. Plus vitamins A, E and B Complex (B3, B5, B6 and B12).

Available in 3 flavors: Berry Cherry, Blueberry Lemonade & Apple Cinnamon.

Will there be samples available at the show?
